

International Agriculture Seminar in Nagoya

IRRI's Research Solutions to Climate Change-Mediated Worsening Abiotic Stresses: Strategic Approaches and Critical Results

Dr. Ajay Kohli Deputy Director General Research, International Rice Research Institute (IRRI)

Aug.20 2024 (Tue) 15:30 – 16:30

- On site: Lecture Room No.1, School of Agricultural Sciences, Nagoya University
- Online: Zoom

This seminar will share some new results on such stress tolerant mechanisms, including through the use of AI. As an overarching view, the seminar will also elucidate strategic approaches of IRRI to effectively and efficiently achieve new results and innovations. Partnerships and collaborations remain the cornerstone of IRRI's progress, historically and as foresight on the future. Through the seminar, the expectation is to generate interest in future collaborations and organize joint training programs between Nagoya University and IRRI.
